

How To Import Your Portfolio via CSV

Please note: When you upload your shoe portfolio via CSV, you will overwrite your current portfolio.

File Format Explanation

Columns:

EAN13	article_id	account
-------	------------	---------

- CSV format (with ; as column delimiter).
- Column Labels are expected in the first row to map the data.
- The file must contain either 'EAN13' or 'article_id' to select the shoe articles from the shoofIQ workbook.
- If you manage multiple stores, add the optional column 'account' to add the articles to the given account.

CSV File Example:

Method 1) File Upload in Box-App

Step 1) Choose CSV from your local filesystem

Portfolio Upload for retail.dev

Upload your shoe portfolio via CSV (this will overwrite your current portfolio)

Durchsuchen... Keine Datei ausgewählt.

Send summary report to this email
